Asian Pacific American Heritage Week Celebration

We will be showcasing the diversity of Asian culture and traditions as well as the customs of Asian Americans through song, dance, etc. Please also join us in welcoming Asian American slam poet artist, Beau Sia at 8pm.

Join APAAC during our workshop seminar, where we will be hosting guest speakers and other multicultural student organizations, such as the Origami Club, in a fun-filled night that will also provide the opportunity to network and gain resources to further promote advocacy of issues experienced by multicultural students.

"Taste of Asia" is the last installment of our Asian Pacific Heritage Week event. During "Taste of Asia", we will be serving cuisines and drinks from different Asian countries and cultures as an opportunity for students to experience new and exciting foods.
