Cocktails and Canapés

Transport yourself back to the swinging 40s, mad 50s, and groovy 60s for a fun and funky evening in the latest exhibition from University Museums and the Textiles and Clothing Museum! The new exhibition is a wonderful collaborative exploration of mid-century fashion and decorative arts created between 1945 and through the 1960s that today is known as mid-century modern, an era of great craft and also great consumerism. Join us for some mid-century cocktails and canapés to celebrate the new exhibition.

Festive retro fashion is encouraged! Cash bar.
